

Checklist: Family members of EU/EEA nationals

The application MUST be submitted in person

Please be informed that Danish citizens residing in non-EU/EEA countries or in Denmark are not eligible for this kind of visa, as they are not exercising their EU/EEA rights to free movement. Furthermore, if your destination is the Faroe Islands and/or Greenland, neither are members of the EU/EEA and Schengen cooperation and the fee is not free of charge.

The following documents are required when applying for a visa. However, The Danish Immigration Service and the Embassy may ask for additional documentation at any time in order to process the application. **A translation in English must be attached to any documents in Thai.** Please check the boxes below and sign to confirm which documents you have submitted.

Please be informed that the application may be refused if supporting documents are not handed in together with the application. If missing supporting documents are not presented promptly (within 5 days of submission), the Embassy may refuse the visa application. The decision will normally take place within 15 calendar days, provided all required documentation is handed in. The period may be extended up to a maximum of 60 calendar days in individual cases, if further scrutiny of the application is needed and is submitted to the Danish Immigration Service.
